S I R :

In the parent case of the above referenced application, a petition was filed to correct inventorship. That petition was granted.

As the facts regarding inventorship have not changed, applicants now petition the primary examiner to change inventorship in the continuation application.

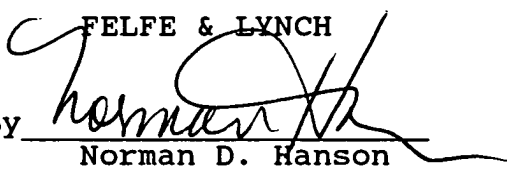

Copies of the papers relating to the petition in the parent application are attached, and are believed to be sufficient.

Should a petition fee be required, authorization is given to charge it to Deposit Account No. 06-0530.

Respectfully submitted,

FELFE & LYNCH
